HEY! ITS ME

Less is more. Nah, actually less is boring! They call me Julimón and I'm passionate about interface design and design contexts where any kind of user experience occurs. I believe in enjoyable work environments where creativity flows between people.

EMPLOYMENT HISTORY

DESIGNIT | TODAY

Digital & Interaction Designer

I carry out projects related to the conceptualization, management and creation of digital products for clients such as Sanitas, Banco Santander or Fundación Once. Being in this kind of projects allow me to continuously develop UX & UI, strategy design, design systems and prototyping skills using tools such as Sketch or Protopie.
